## Philosophy

Our program will provide innovative and motivational programming that nurtures a joy of learning, within a framework that supports the mission of Catholic education, and the needs of the community we serve.

**Our curriculum is developed around these core beliefs:**

- We are all created in the image and likeness of God, endowed with unique gifts and talents.
- Everyone can learn and wants to learn given the right environment.
- Everyone learns a little differently.
- We learn best when we are encouraged to learn through a process of discovery.

## Program Benefits

Your children will experience an environment of structured recreation and educational enrichment with meaning and value that allows and promotes growth academically and personally.

**Student Leader Program**—Students in grades 7 & 8 will have an opportunity to assume a leadership role in our program by volunteering to become a student leader.

- This time will count towards their community service requirement of 10 hours.
- They will learn valuable leadership skills.
- Time beyond their 10 hours will count toward any community service requirement for High School.
- A great addition to a High School application.
- Contact the program Director for details.

**After school activities? Are you transporting the kids to and from school?** Why not enroll them in the after school program, we'll be sure to get them to their activity on time, you will know that they are safe and wouldn't it be nice if their home work was done when they got home, and you will save time and money!!!!

## Program Features

### Homework Hour

We take care of getting the homework done, you get to relax and spend quality time with your children.

### Quiet Activity Time

Children are able to read books, do puzzles, play hand held video games, and rest.

### Imaginative Play

Children can discover how their imaginations can run wild! We have dolls, cars, and blocks of all kinds!

### Creativity & Activity Centers

Children can discover their creative interests and are free to explore them via arts & crafts, games & manipulatives.

### Ants Out of Our Pants

A fun, energetic play period with organized and free choice activities in our gym or outside.

### Friday Fun Day

No homework hour, just fun, fun, fun!!! Movies, snacks, free time. Electronic games may be brought in on this day!

### Service Learning

Children learn the importance of community service and parish life by becoming involved in Parish and school community projects.
